

COMPLIANCE GLOBAL: SUPPORTING YOUR OBLIGATIONS IN THE EU AND BEYOND

Specialised regulatory support for EPR

More and more countries globally are introducing legislation for extended producer responsibility (EPR). But the laws and regulations differ in every country, and they are constantly changing.

This environmental compliance programme offers specialised regulatory compliance support for companies worldwide.

Global consultancy programme

The Compliance Global (CGlobal) environmental consultancy programme provides a simplified compliance solution including:

- registration
- reporting
- invoice management (review and payment)
- copyright levies
- authorised representative service

CGlobal is for companies placing electronic and electrical equipment and/or batteries and/or packaging onto markets in Europe, North America and Asia-Pacific.

Customer benefits

CGlobal delivers tailored and pragmatic solutions to meet customers' environmental compliance needs – both for small and big customers.

The programme provides flexible, cost-effective, standardised and simplified compliance services to ensure customers' compliance with extended producer responsibilities around the world. These services place customers in a strong position to concentrate on their core business while knowing that their compliance obligations are effectively managed.

Core benefits of the consultancy programme:

- monitoring regulatory requirements
- identifying obligations and compliance options, and managing them effectively
- freeing up customer resources
